Electronic filing

E-filing is the fastest way to file your return and receive your refund. The speed and accuracy of computers allow electronic returns to be received and processed faster than paper returns, greatly reducing errors and delays. E-filing uses secure technology to ensure the safety of your personal information when it's sent to the IRS and the Department of Revenue.

Oregon participates in the IRS Federal/State E-file program. This program allows you to electronically file both your federal and Oregon returns at the same time. If you've already filed your federal return, you can still electronically file your Oregon return.

If you haven't tried e-file yet, why not this year? Join more than 1.8 million other Oregon taxpayers who electronically file their Oregon returns.

You can take advantage of e-file in one of two ways:

- 1. Ask your tax preparer.**

If your tax preparer is an authorized IRS e-file provider, your preparer can electronically file your federal and Oregon returns. Many Tax-Aide and Tax Counseling for the Elderly (TCE) sites set up by the IRS are authorized IRS e-file providers.

- 2. Use online tax preparation software.**

You can file your federal and state returns from your home, work, or library computer using Oregon-approved online tax preparation products. Go to our website at www.oregon.gov/dor/e-filing for a list of tax preparation products to use in preparing your federal and Oregon returns.

You may be eligible for free e-file. Several tax preparation software providers offer free online electronic tax filing. For free online tax preparation programs, go to www.oregon.gov/dor/e-filing.

Federal tax law

No extension to pay. Oregon doesn't allow an extension of time to pay your tax, even if the IRS allows an extension. Your 2023 Oregon tax is due **April 15, 2024**.

Federal law connection. Oregon has a rolling tie to changes made to the definition of federal taxable income, with the exceptions noted below. For all other purposes, Oregon is tied to federal income tax laws as amended and in effect on December 31, 2022.

Oregon exceptions to federal law. Oregon is disconnected from the business income deduction allowed by **Section 199A** of the Internal Revenue Code (IRC). Due to the way Oregon's returns are designed, no addition is required. Oregon is also disconnected from **IRC**

Section 139A, the tax exemption for federal subsidies for employer prescription drug plans. If you have this type of business income, you'll have an addition on your Oregon return.

Oregon is disconnected from **IRC Section 529** tax exemption for earnings on college savings plan funds used for K-12 tuition. Oregon College and MFS 529 Savings Plans may be used for higher education expenses only. If you based a previous subtraction or credit on contributions that are withdrawn and used for K-12 tuition, you'll have an addition or tax recapture on your Oregon return.

New information

Oregon Kids Credit. A new refundable tax credit is available to certain taxpayers with a qualifying child age 5 or younger. See instructions for OR-40-N, line 62, or OR-40-P, line 61.

Paid Leave Oregon benefits. Oregon's new program providing medical, family, and safe leave began paying benefits September 3, 2023. Changes to your return may be necessary if you received benefits under the program. See "Subtractions" in Publication OR-17 for more information.

National Guard subtraction. Pay for active service in the National Guard can now generally be subtracted from taxable income if the service is authorized by the Governor. This change also applies retroactively to tax years 2021 and 2022. If you received National Guard pay during those years, you will need to amend your return to take advantage of the subtraction. See "Military personnel filing information" in Publication OR-17 for more information.

Casualty loss from state-declared emergency. If you experienced a loss in Oregon due to a state-declared emergency and weren't able to deduct it on your federal return, you may be able to take a subtraction on your Oregon return. This subtraction applies to tax years 2020, 2021, and 2022, as well as future years. If you meet the requirements for the subtraction for those years, you'll need to amend your return to take advantage

of the subtraction. See "Subtractions" in Publication OR-17 for more information.

Pass-through entity elective tax. There is now a subtraction available for refunds of the elective tax that were passed through to you and included as income on your federal return. See "Subtractions" in Publication OR-17 for more information.

Forest conservation credit. A new tax credit is available to small forestland owners that choose to create a forest conservation area. The forest conservation area requires restrictions on harvest to be followed for 50 years. See "Carryforward credits" in Publication OR-17 for additional information.

Agricultural Employer Overtime Tax Credit. A refundable credit is available for employers who pay overtime to their agricultural workers. Employers must apply for the credit in January for overtime wages paid in the prior year, and they must receive notification of the credit amount from the Department of Revenue before the credit can be claimed. See "Refundable credits" in Publication OR-17 for more information.

Federal tax liability subtraction. The 2023 federal tax subtraction limit is \$7,800 (\$3,900 for married filing separately). It may be limited further based on your adjusted gross income (AGI). See instructions for line 40.

Important reminders

Federal return. You must include a copy of your federal Form 1040 or 1040-SR with Schedules 1 through 3 (if applicable), 1040-X, or 1040-NR with your Oregon return. Without this information, we may disallow or adjust items claimed on your Oregon return.

Schedule OR-ASC-NP. If you're claiming an adjustment, addition, subtraction, modification, tax recapture, or credit using a code listed in Publication OR-CODES,

you must include Schedule OR-ASC-NP. Without this information, we may disallow or adjust your claim. Schedule OR-ASC-NP and Publication OR-CODES are available at www.oregon.gov/dor/forms or you can contact us to order them.

General information

Do I need to file an Oregon return?

You need to file an Oregon income tax return if your Oregon-source income and income received while an Oregon resident is more than your standard deduction. See Table 1.

If your Oregon income is less than your standard deduction, you're not required to file a return for Oregon.

However, you must file an Oregon return if you had \$1 or more of Oregon income tax withheld from your wages and you want to claim a refund, or if you qualify to claim a refundable credit.

Full-year residents. Oregon taxes your income from all sources.

Part-year residents. Oregon taxes your income from all sources earned or received while you were an Oregon resident. Oregon also taxes your income from Oregon sources while you were a nonresident.

Nonresidents. Oregon taxes only your income from Oregon sources.

Nonresident trusts. If you file federal Form 1040-NR for a trust, you must file Oregon's fiduciary return, Form OR-41. Don't file an Oregon Form OR-40-N.

Table 1. Filing thresholds

You must file an Oregon income tax return if:	
Your filing status is—	And your Oregon gross income is more than—
Can be claimed on another's return	\$1,250*
Single	\$2,605
Married filing jointly	\$5,210
Married filing separately	
• If spouse claims standard deduction	\$2,605
• If spouse itemizes deductions	0
Head of household	\$4,195
Qualifying surviving spouse	\$5,210
*The larger of \$1,250, or your earned income plus \$400, up to the standard deduction amount for your filing status.	

How long will it take to get my refund?

Return processing times vary due to many factors, including the complexity of your return.

Electronically filed returns are generally received and processed faster.

Paper returns must have all required Oregon schedules, proof of tax withheld, and a copy of your federal return included to ensure smooth processing. If you don't have a federal filing requirement, create a substitute return and check the "calculated using 'as-if' federal return" box on your return.

Returns mailed closer to April 15, when we receive the most returns, can take longer to process.

Also, returns that require additional review can take more time to process. Typical reasons for additional review include: incomplete documentation, identity verification needed, claiming the working family household and dependent care credit, proof of tax withheld needed, etc.

To check the status of your refund, click on "Where's my refund?" at www.oregon.gov/dor/personal.

What does income from Oregon sources include?

Oregon income includes income shown on your federal return for services performed in Oregon.

If you have wages from an Oregon employer and you performed services for your employer in Oregon and another state while you were a nonresident, and your Oregon wages aren't stated separately on your Form W-2, compute your Oregon-source income using the formula for line 7S.

Other Oregon sources of income (and losses) include:

- Businesses, partnerships, limited liability companies taxed as partnerships, and S corporations located or doing business in Oregon or providing services to Oregonians.
- Unemployment insurance benefits received because of an Oregon job.
- Severance pay received because of an Oregon job.
- Farms located in Oregon.

- Estates and trusts in Oregon or that have Oregon property or businesses.
- Oregon State Lottery.
- Sale of Oregon property.
- Rents and royalties for use of Oregon property.
- Community property. If you're a resident of Oregon and your spouse is a resident of a state with community property laws, you may be taxed on part of your spouse's income. Community property laws in the state where your spouse lives determine if you're taxed on any of your spouse's income.
- Global intangible low-taxed income (GILTI) if you were an Oregon resident on the date you received it (actual or deemed), or if it's from property employed in a business, trade, profession, or occupation carried on in Oregon while a nonresident.

Income not considered from Oregon sources includes:

- Interest and dividends. However, you must include them in Oregon income if they were:
 - From an Oregon business you own.
 - Received during the part of the year you were a resident.
 - Passed through from an S corporation or partnership doing business in Oregon.
- Oregon retirement income received while you were a nonresident unless you were domiciled in Oregon. See "Retirement income" in Publication OR-17.
- Interstate transportation wages from an interstate railroad company, interstate motor carrier, air carrier, or interstate motor private carrier. You must be a nonresident and have regularly assigned duties in more than one state. See "Interstate transportation wages" in Publication OR-17.
- Waterway, air carrier, or hydroelectric dam compensation, if you're a nonresident:
 - Working as crew or pilot on a vessel in navigable waters between Oregon and another state.
 - Working as crew or pilot on an aircraft in Oregon and at least one other state.
 - Working on a dam that spans a river between Oregon and another state.

Note: See the "Income" section in Publication OR-17 for more details regarding waterway, air carrier, and dam workers' compensation.

- Military pay of a nonresident.
- Winnings of a nonresident from tribal gaming centers in Oregon.
- Wages earned by a nonresident military spouse who is in Oregon only to be with the service member who is stationed here.

Residency

Am I a resident, a nonresident, or a part-year resident?

- **You're a full-year Oregon resident**, even if you live outside Oregon, if **all** of the following are true:
 - You think of Oregon as your permanent home.
 - Oregon is the center of your financial, social, and family life.
 - Oregon is the place you intend to return.
- **You're still a full-year resident if:**
 - You temporarily moved out of Oregon or
 - You moved back to Oregon after a temporary absence.

You may also be considered a full-year resident if you spent more than 200 days in Oregon during 2023 or you're a non-U.S. citizen without permanent resident status.

- **You're a nonresident** if your permanent home was outside Oregon all year.
- **You're a part-year resident** if you moved into or out of Oregon during 2023. You're **not** considered a part-year resident if:
 - You temporarily moved out of Oregon, or
 - You moved back to Oregon after a temporary absence.

Special-case Oregon residents. If you're an Oregon resident and you meet **all** of the following conditions, you're considered a nonresident for tax purposes:

- You maintained a permanent home outside Oregon for the entire year.
- You didn't keep a home in Oregon during any part of the year.
- You spent less than 31 days in Oregon during the year.

Important. A recreational vehicle (RV) isn't considered a permanent home outside of Oregon.

Oregon residents living abroad. You're considered a nonresident if you're a qualified individual for purposes of the federal foreign earned income or housing exclusion for U.S. residents living abroad.

What form do I use?

Use Form OR-40-P if any ONE of the following is true:

- You're a part-year resident.
- You're filing jointly and one of you is a full-year Oregon resident and the other is a part-year resident.
- You're filing jointly and both of you are part-year Oregon residents.

- You qualified as an Oregon resident living abroad for part of the year.

Use Form OR-40-N if any ONE of the following is true:

- You're a nonresident.
- You're a special-case Oregon resident.
- You're filing jointly and one, or both, of you is a nonresident.
- You meet the military personnel nonresident requirements.
- You qualified as an Oregon resident living abroad for the entire year.

Use Form OR-40 if any ONE of the following is true:

- You're a full-year resident not filing a joint return; or
- You and your spouse are both full-year residents filing jointly.

Form OR-40 is available at www.oregon.gov/dor/forms or you can contact us to order it.

Military personnel

Nonresidents stationed in Oregon. Oregon doesn't tax your military pay while you're stationed in Oregon. File Form OR-40-N if you had other income from Oregon sources, or to claim a refund of Oregon tax withheld from your military pay.

Military spouses. Federal law does not allow Oregon to tax your wages if you're a nonresident and you're in Oregon only to be with your spouse who is stationed in Oregon. If you are domiciled in Oregon and you file a joint return with your spouse who is a resident of another state, federal law allows you to choose to be treated for tax purposes as a resident of your spouse's state. File Form OR-40-N if you had other income from Oregon sources or are claiming a refund of withheld Oregon tax.

Residents (or Oregon-domiciled service members) stationed outside of Oregon. If you meet the requirements for special-case Oregon residents or Oregon residents living abroad, file Form OR-40-N. File Form OR-40 if you don't meet those requirements.

Residents (or Oregon-domiciled service members) stationed in Oregon. Your pay is subject to tax, although the pay could qualify for certain subtractions. For more information on subtractions available to military personnel, see Publication OR-17.

Military personnel on active service in Oregon are treated as nonresidents for tax purposes if their address in the payroll records of the Defense Finance and Accounting System (DFAS) is outside Oregon, regardless of where they are domiciled (ORS 316.027).

Filing for a deceased person

A personal income tax return must be filed for a person who died if the person would have been required to file. See "Do I need to file?". Check the "Deceased" box next to the person's name on the return. If you have been appointed personal representative or you have filed a small estate affidavit, sign the return as "personal representative." A surviving spouse must sign if it's a joint return. If there's no personal representative, only the surviving spouse needs to sign a joint return.

Note: Oregon has an estate transfer tax on estates valued at \$1 million or more. The tax is paid by the estate using Form OR-706, not by the individuals receiving the inheritance. For more information, see the instructions for Form OR-706.

When should I file my return?

The filing deadline for calendar year 2023 is **April 15, 2024**. If you can't pay your tax by the due date, it's important to file your return anyway to avoid a late-filing penalty.

Returns for fiscal filers are due by the 15th day of the fourth month after the close of their tax year.

What if I need more time to file?

If you requested a federal extension to file, Oregon will allow the same extension. Don't include a copy of your federal extension with your Oregon return; keep it with your records. If you need an extension of time to file only your Oregon return, see Publication OR-40-EXT. The due date for filing your return on extension is October 15, 2024.

An extension doesn't mean more time to pay.

To avoid interest charges, you must pay all of the tax you expect to owe by April 15, 2024. If you can't pay all of the tax you expect to owe, pay what you can. You'll owe interest on any unpaid tax starting April 16, 2024, until the date of your payment. You may also be charged a penalty for failing to pay your tax on time. See "Penalties" and the instructions for Form OR-40-N, line 68 or Form OR-40-P, line 67.

Don't forget to check the "Extension filed" box on your return when you file. File your return by October 15, 2024.

Penalties

If you don't pay all of your tax by April 15, 2024, you may be charged a 5 percent penalty on the unpaid amount, even if you requested an extension to file your

return. Oregon doesn't allow an extension of time to pay tax, even if the IRS does.

You'll be charged a 20 percent penalty for failure to file your return if you file it more than three months after the due date, including extensions. If both penalties apply, the total penalty will be 25 percent of the unpaid tax.

Note: If you fail to file returns for three consecutive years by the due date for the third year's return, including extensions, you'll be charged a penalty of 100 percent of each year's unpaid tax.

For more information about these and other penalties, see the instructions for Form OR-40-N, line 68 or Form OR-40-P, line 67, and "Interest and penalties" in Publication OR-17.

2024 estimated tax

Estimated tax is the amount of tax (after credits and Oregon tax withheld) you expect will be shown on your return when you file.

Do I need to make estimated payments?

In most cases, if you expect your return to show that **you will owe \$1,000 or more in tax** after credits and withholding you **must** make estimated payments. You may need to make estimated payments if:

- You're self-employed and don't have Oregon tax withheld from your income.
- You have Oregon Lottery single-ticket winnings of less than \$1,500.
- Oregon tax isn't withheld from other types of income (such as pensions, interest, or dividends) and you expect to owe tax of \$1,000 or more.
- You're a wage earner and expect to owe tax of \$1,000 or more on your 2024 return. You may want to increase the amount your employer withholds from your Oregon wages. For withholding information, go to www.oregon.gov/dor/personal.

Oregon and federal estimated tax laws are not the same. See Publication OR-ESTIMATE for more information, including:

- Detailed instructions for calculating installment payments.
- Tax rate charts for 2024.
- Installment periods and due dates.
- Helpful worksheets and examples.
- Payment instructions.

You can find Publication OR-ESTIMATE and payment voucher Form OR-40-V on our website or you can contact us to order them.

Interest on underpayment of estimated tax

You may owe interest for underpaying your estimated tax if:

- The tax on your return after credits and withholding is \$1,000 or more; or
- You underpaid one or more of your required estimated tax installments.

See the instructions for Form OR-40-N, line 69, or Form OR-40-P, line 68, and Form OR-10 Instructions for more information.

What if I'm self-employed?

If you're self-employed and do business in **Multnomah, Clackamas, or Washington counties**, you may need to file Form OR-TM. If you're self-employed and do business in **Lane County**, you may need to file Form OR-LTD. Go to our website to download the forms, contact us to order either form, or file them electronically through Revenue Online at www.oregon.gov/dor.

What if I need to change my Oregon return after filing?

It depends on what you need to change. Follow these instructions for amending (changing) your return if:

- You discover that your income, deductions, or other item(s) were wrong.
- You used a form that didn't match your residency status.
- Your filing status wasn't correct.
- The IRS or another state adjusted or audited your return and it affects your Oregon tax.
- You have a net operating loss (NOL) carryback.
- Changes in federal or state income tax laws affect a return you've already filed.

Don't amend your Oregon return if:

- We made changes to your return and you object to those changes. You must follow the appeal process in the notice we sent you.
- You're filing a protective claim for a refund. Use Form OR-PCR, which is available on our website or you can contact us to order it.

There's a time limit for filing an amended return to claim a refund. See the instructions for Form OR-40-N, lines 72 to 75 or Form OR-40-P, lines 71 to 74. For more information, see "Amended returns" in Publication OR-17.

How do I amend my 2023 return?

General instructions

- Complete the return as it should've been filed, including adjustments we made.
- Check the "Amended return" box on the first page.
- In the "Amended statement" space, provide the return line number and reason for each change.
- Use the **Amended worksheet** to figure your amended tax due or refund.
- If you're amending your federal return or a return you filed with another state, include a copy of those amended returns with your amended Oregon return. If you're only amending your Oregon return, include a copy of your original federal return. **Don't** include a copy of your original Oregon return.

Residency. Use the form that matches your residency status for the year you're amending, even if your original return was filed on a different form.

Mailing address. Use your current address.

Adjustment made by the IRS or another state. Include a copy of the **corrected** federal or other state return or audit report.

Electronically file your amended return. You can now electronically file your Oregon amended return, if your chosen software supports filing an amended federal return. You will need to contact your software provider to find out if they support filing an amended federal return.

NOL carryback. Enter the loss year in the NOL tax year box on the first page of the return. If you're carrying back an NOL from more than one year, file a separate amended return for each NOL year. In the "Amended statement" space, tell us the section number of the IRC or Oregon Revised Statute (ORS) that allows you to carry the NOL(s) back to the 2023 tax year. See "Net operating losses for Oregon" in Publication OR-17 for more information.

What if I need to change a return I filed for an earlier year?

Refer to the instructions for the tax year you need to amend. Visit our website or contact us if you need the form and instructions for a different year.

How long will it take to process my amended return?

It may take six months or longer to process your amended return.

General instructions for Forms OR-40-N & OR-40-P

Step 1: Complete your federal return

Your Oregon tax is determined using the ratio of your Oregon-source income to your entire federal income. **Complete your federal return first. Do this even if you aren't required to file a federal return.** You must use the information from your federal return to complete your Oregon return. You must include a copy (front and back) of your federal Form 1040 or 1040-SR with Schedules 1 through 3 (if applicable), or 1040-NR with your Oregon return. If you're amending your Oregon return and your federal return, include a copy of Form 1040-X and an amended Form 1040 or 1040-SR with Schedules 1 through 3 (if applicable).

If you don't provide a copy of your federal return, we may adjust or deny your Oregon subtractions, deductions, and credits. **Include** federal Schedules 1 through 3 (if applicable); **don't include any other** federal schedules. We may ask you for copies of other schedules or additional information later.

Oregon registered domestic partners (RDPs): To correctly determine your Oregon tax liability, you must complete a federal income tax return as if you were filing as married filing jointly or married filing separately. Check the "Calculated using 'as if' federal return" box on your Oregon return.

For more information on how to file as an RDP, go to www.oregon.gov/dor and search for "RDP."

Step 2: Select the appropriate Oregon return

To decide which form to use, see "What form do I use?" in the "General information" section.

Step 3: Fill out the Oregon return

Use **blue or black ink only** for easier reading and faster processing. The equipment used to scan documents and checks can't read gel ink or certain colors, and using them will delay the processing of your return.

Fiscal-year filers

Write the ending date of your fiscal year in the "Fiscal year ending" box on the return.

Oregon resident—Form OR-40-P only

Enter the dates you were an Oregon resident during 2023. For example, "from 01/01/2023 to 04/15/2023," or "from 03/01/2023 to 12/31/2023"

Check the boxes

Amended return

If you're amending your 2023 return, check this box. See "What if I need to change my return after filing?" in the "General information" section for instructions.

Calculated using "as if" federal return

Check this box if:

- You're filing as an Oregon RDP.
- Your filing status is "married filing separately for Oregon only" because you and your spouse don't have the same residency status.
- You didn't file a federal return.

Short-year tax election

If you're filing a short-year return due to a **bankruptcy**, check this box and write the ending date in the "Fiscal year ending" box.

Extension filed

Check this box if you requested an extension to file your return. See "What if I need more time to file?" in the "General information" section and Publication OR-40-EXT for more information.

Form OR-24

Check this box if you're deferring gain on like-kind property that was exchanged or converted. You'll report the gain to Oregon when it's reported on your federal return (federal Form 8824). You must include Form OR-24 with your Oregon return or provide it electronically through your Revenue Online account at www.oregon.gov/dor.

Form OR-243

Check this box if you are attaching Form OR-243, *Claim to Refund Due a Deceased Person*.

Federal Form 8886

Check this box if you filed federal Form 8886, *Reportable Transaction Disclosure Statement*.

Disaster relief

If you were affected by a presidentially-declared natural disaster in 2023, check this box.

Military

Check this box if you're a nonresident with military pay. See "Military personnel."

Employment exception

Check this box if you have interstate transportation wages or you're a waterway, air carrier, or hydroelectric dam worker. See the exceptions in the instructions for line 7S and the "Income" section in Publication OR-17 for more information.

Name and address

Type or clearly print your own and, if married, your spouse's name, date of birth, and Social Security number (SSN). Enter your spouse's information even if you're filing as married filing separately. If you're filing for someone who died in 2023 or 2024, check the "Deceased" box next to their name.

SSN. You must provide your SSN per Section 405, Title 42, of the United States Code. We will only use it to establish your identity for tax purposes.

Follow these instructions if you've filed previous tax returns using an Individual taxpayer identification number (ITIN) and this is your first year filing using your new SSN:

- Check the "First time using this SSN" box.
- Write your previous identification number on the first line of the "Amended statement" space on page 11 of your return.

ITIN. If the IRS assigned you an ITIN because you don't qualify for an SSN, enter your ITIN wherever an SSN is requested. **Refunds will not be issued without a valid SSN or ITIN.**

If you don't have an ITIN, you must request one from the IRS. To get an ITIN application (federal Form W-7), go to www.irs.gov or call 800-829-1040.

If you've applied for an ITIN but you haven't received it yet:

- Check the "Applied for ITIN" box.
- File your return by April 15, 2024.
- Don't include Form W-7 with your return. Keep it with your records.

- Once the IRS issues your ITIN, mail a copy of your ITIN letter to us at PO Box 14999, Salem OR 97309-0990.

Mailing address. Enter your **current** mailing address. This is where we'll send any refund or correspondence, if needed. Enter your current daytime phone number.

Filing status

1 – 5 Check the box next to your filing status. Generally, you must use the same filing status for your Oregon and federal returns. Choose only **one** filing status.

Exception for Oregon RDPs. As an Oregon RDP, you're not eligible to use the single filing status on your Oregon return. For Oregon, you're generally **required** to use married filing jointly or married filing separately. For more information, go to our website, see "Filing an Oregon return" in Publication OR-17, or contact us.

Exceptions for married persons who filed a joint federal return when each person had a different residency status. Use Table 2 to determine which return form to use if you file a joint return or separate returns for Oregon.

Table 2. Spouses with different residency status

Spouses' residency status:	If you file a joint return, use:	If you file separate returns:
Part-year and nonresident	OR-40-N	Each spouse uses the form that matches their individual residency status
Nonresident and full-year resident	OR-40-N	
Part-year and full-year resident	OR-40-P	

How to file separate returns for Oregon

If you're filing a joint federal return but separate Oregon returns, enter your spouse's name, SSN, and date of birth on your return. Report your own share of federal AGI and deductions. Also, report your share of any Oregon additions or subtractions using this formula to determine your percentage:

$$\frac{\text{Your share of federal AGI}}{\text{Joint federal AGI}} = \text{Your percentage (not to exceed 100\%)}$$

Check the "Calculated using 'as if' federal return" box on your return. You must include the following forms with **both** Oregon returns:

- A federal Form 1040, 1040-SR, or 1040-NR with Schedules 1 through 3 (if applicable) prepared as if you had filed as married filing separately.

- A copy of the joint Form 1040, 1040-SR, or 1040-NR with Schedules 1 through 3 (if applicable) that you actually filed with the IRS.

If the federal form you filed is an amendment, include Form 1040-X and federal returns as amended for your actual and “as if” returns.

If possible, mail both spouses’ Oregon returns in the **same** envelope. **Don’t** staple the returns together.

For more information, see “Filing status” in Publication OR-17.

Exemptions

6a & 6b Yourself and spouse. If no one else can claim you as a dependent on their return, check the “Regular” exemption box below line 6a for yourself; otherwise, check the “Someone else can claim you as a dependent” box below line 6a, even if the other person doesn’t actually claim you as a dependent.

Check the “Regular” exemption box below line 6b if no one else can claim your spouse as a dependent and you’re filing as:

- Married filing jointly.
- Married filing separately and your spouse has no income.

Otherwise, check the “Someone else can claim you as a dependent” box below line 6b, even if the other person doesn’t actually claim your spouse as a dependent.

Severely disabled. Did you or your spouse have a severe disability at the end of 2023? If so, you can claim an additional exemption. This is different from the disabled child exemption. You may qualify for and claim the severely disabled exemption even if someone else can claim you as a dependent. You’re considered to have a severe disability if **any** of the following apply:

- You permanently lost the use of one or both feet.
- You permanently lost the use of both hands.
- You’re permanently blind.
- You have a permanent condition that, without special equipment or outside help, limits your ability to earn a living, maintain a household, or transport yourself.
- You’re unable to earn a living due to a permanent condition or an impairment of indefinite duration.

If you have a severe disability, your physician must write a letter describing it. Keep the letter with your records in case we request a copy.

If you qualify, check the “Severely disabled” exemption box below line 6a. If your spouse qualifies, check the “Severely disabled” exemption box below line 6b.

Total exemptions for you and spouse. Enter the total number of exemptions claimed for yourself on line 6a and for your spouse on line 6b.

6c All dependents. Enter your dependents’ information in order from youngest to oldest. For each dependent, list their first name, last name, relationship code (see Table 3), SSN, and date of birth. In most cases, you will list the same dependents you claimed on your federal return.

You can list up to three dependents on the return. If you have more than three dependents, fill out Schedule OR-ADD-DEP for your remaining dependents. If you have more than eight dependents, fill out and include an additional Schedule OR-ADD-DEP. Do not list the same dependents on your return and on Schedule OR-ADD-DEP.

Include Schedule OR-ADD-DEP with your return. You can download the schedule from our website or contact us to order it.

On line 6c, enter the total number of your dependents, including the number from line 1 of Schedule OR-ADD-DEP.

6d Children with a disability. You may be entitled to an additional personal exemption for your dependent child who has a qualifying disability. To qualify, **all** of the following must be true:

- Your child (age 21 or younger) qualified as your dependent for 2023.
- Your child was eligible for early intervention services or special education as defined by the State Board of Education of the state where the child attends school.
- Your child had an eligible disability as of December 31, 2023 under the federal Individuals with Disabilities Education Act. Eligible disabilities include:

 - Developmental delay.
 - Emotional disturbance.
 - Hearing impairment (including deafness).
 - Intellectual disability.
 - Orthopedic impairment.

- Other health impairment.
- Specific learning disability.
- Traumatic brain injury.
- Visual impairment (including blindness).

Each year, you must be able to provide an eligibility statement confirming that your child has been diagnosed with one of the disabilities listed above **and** a cover sheet from one of the following:

- The child's Individualized Education Program (IEP).
- The child's Individualized Family Service Plan (IFSP).

Keep the statement and cover sheet with your records. Check the "Check if child has a qualifying disability" box next to the name of each child with a qualifying disability. Enter the total number of children with a qualifying disability, including the number of children on line 2 of Schedule OR-ADD-DEP, on line 6d.

6e Total exemptions. Add lines 6a through 6d and enter the total on line 6e. This is your total number of exemptions.

Forms OR-40-N and OR-40-P

line instructions

Don't enter cents. You **must** round off cents to the nearest whole dollar. For example, \$99.49 becomes \$99 and \$99.50 becomes \$100. If you don't round entries to the nearest dollar, there may be small variations in the totals we use.

The forms have two columns for figures. These are to show your federal adjusted gross income (AGI), additions, and subtractions. The columns compare your total (column F) to the portion that Oregon taxes (column S).

You must include a copy (front and back) of your federal return, including Schedules 1 through 3 (if applicable), with your Oregon return. This helps us verify your income and process your return faster. **If you don't include your federal return with your Oregon return, items claimed on your return may be adjusted or denied.**

Federal column (F) instructions, lines 7F–29F

The first column is called "Federal column (F)." For lines 7F–29F of the federal column, transfer the amounts you reported on your federal return. If you used Form 1040 or 1040-SR, these will be the amounts on lines 1a through 11 and Schedule 1, lines 1 through 26.

Line 29F, "Income after adjustments," must match your 2023 federal AGI from Form 1040, 1040-SR, or 1040-NR, line 11; or Form 1040-X, line 1C. If it doesn't match, check that you transferred the figures from your federal return correctly.

Oregon column (S) instructions, lines 7S–29S

The second column is called "Oregon column (S)." Use this column to list the amounts from the federal column that are taxed by Oregon.

Nonresidents. Oregon taxes only your income from **Oregon sources**. To determine your Oregon-source income, see "What does income from Oregon sources include?" in the "General information" section.

Part-year residents. Oregon taxes your income from **all sources** earned or received while you were an Oregon resident. Oregon also taxes your income from **Oregon sources** while you were a nonresident. To determine your Oregon-source income, see "What does income from Oregon sources include?" in the "General information" section.

Full-year residents. Oregon taxes your income from **all sources**. If you're a full-year resident filing jointly on Form OR-40-N or Form OR-40-P, all of your income in the federal column must be included in the Oregon column.

7S Wages, salaries, and other pay for work. Part-year residents—enter amounts you earned while an Oregon resident and any amounts you earned working in Oregon while you were a nonresident.

Full-year residents—enter all of your income included in the federal column.

Nonresidents—enter the amount you earned while working in Oregon for each job. If that amount differs from the Oregon wages on your Form W-2, request a signed statement from your employer verifying the number of days worked in Oregon and the total number of days worked everywhere. Keep this document and a statement explaining your calculations with your records. If your Oregon wages aren't stated separately on your Form W-2, compute your Oregon-source income using the following formula:

$$\frac{\text{Days actually worked in Oregon}}{\text{Days actually worked everywhere}} \times \frac{\text{Total wages (line 7F)}}{\text{Oregon wages (line 7S)}}$$

Don't include holidays, vacation days, and sick days as days actually worked. **However, you must** include sick pay, holiday pay, and vacation pay in total wages. See the example below. If Oregon is the only state you worked in, don't use this formula; all your earnings are taxable and should be reported in the Oregon column.

Example: Savannah lives in Idaho but works in Oregon. Of her 260 total days paid, she worked 138 days in Oregon and 92 days from her home in Idaho. She received 14 days vacation pay, eight days sick pay, and eight days holiday pay. She earned \$50,000 in wages. She figured the amount subject to Oregon tax as follows:

Total days paid	260
Less: Vacation days	-14
Sick days	-8
Holidays	-8
Total days worked everywhere	<u>230</u>

$$\frac{\text{Days actually worked in Oregon (138)}}{\text{Days actually worked everywhere (230)}} \times \frac{\$50,000 \text{ (Total wages)}}{\text{Oregon wages}} = \$30,000$$

Savannah's compensation reported in the federal column, Form OR-40-N, line 7F is \$50,000 and in the Oregon column, Form OR-40-N, line 7S is \$30,000.

Exceptions

Interstate employment. Check the "Employment exception" box on page 1 and don't include the following types of compensation in the Oregon column of the return if you're a nonresident who works:

- For an interstate transportation provider and whose wages qualify for special treatment under the federal laws formerly known as the "Amtrak Act."
- On the Bonneville, The Dalles, John Day, or McNary hydroelectric dams.
- As a crewmember or pilot on a vessel in interstate navigable waters.

If you're a nonresident who works as a crewmember or pilot on aircraft in Oregon and at least one other state, you may be able to exclude your compensation from the Oregon column.

See the "Income" section of Publication OR-17 for details about these exceptions.

Military. Check the "Military" box on page 1 of the return if you're a:

- Nonresident member of the U.S. Armed Forces stationed in Oregon. Military pay of a nonresident isn't Oregon-source income. Don't report your military pay in the Oregon column on line 7S. If you have another job, those wages are taxable to Oregon and must be included on line 7S. Only your military pay is exempt.
- Nonresident military spouse. Your wages are exempt from state tax if you're only in Oregon because your spouse is stationed here. Don't report your wages in the Oregon column on line 7S. File Form OR-40-N if you had non-wage Oregon income or to claim a refund of Oregon tax withheld from wages.

If Oregon taxes were withheld from your exempt wages, you should file a new withholding form with your employer. Use Form OR-W-4 and follow the instructions to declare that you're exempt using the appropriate code and give the form to your employer. You can download Form OR-W-4 and instructions from our website or you can contact us to order it.

8S Taxable interest income. Determine the amount of interest income on line 8F that you received from an Oregon business activity while you were a nonresident. Add any interest included on line 8F that you received during the part of the year you were an Oregon resident.

9S Dividend income. Determine the amount of dividends on line 9F that you received from an Oregon business activity source while you were a nonresident. This includes dividends passed through to you from an S corporation or partnership doing business in Oregon or providing services for Oregonians. These are dividends your S corporation or partnership received on the stock of another corporation. Add any dividend income included on line 9F that you received during the part of the year you were an Oregon resident.

10S State and local income tax refunds. If you received an income tax refund from another state or local government that is included in your federal income, and you deducted those taxes on a prior year's Oregon return, include the refund in your Oregon income. This refund is not taxable to Oregon if you did not deduct the taxes on an Oregon return.

Oregon doesn't tax Oregon state income tax refunds you received, so don't include amounts received from Oregon on line 10S.

11S Alimony received. Enter alimony you received for the part of the year you were an Oregon resident.

12S Business income or loss. Determine the amount of income or loss from an Oregon business activity for the part of the year you were a nonresident. Add all business income or losses incurred during the part of the year you were a resident of Oregon.

13S Capital gain or loss. Determine the amount of gain or loss and capital gain distributions from Oregon sources for the part of the year you were a nonresident. Add the amount of your capital gains received and losses incurred during the part of the year you were an Oregon resident. Limit losses to \$3,000 (\$1,500 if married filing separately).

14S Other gains or losses. Determine the amount of gain or loss from Oregon sources for the part of the year you were a nonresident. Add the gain received or loss incurred during the part of the year you were an Oregon resident.

15S IRA distributions. Determine the amount of any taxable individual retirement arrangement (IRA) distributions you received while an Oregon resident. Include any amounts you converted from a regular IRA into a Roth IRA while you lived in Oregon. If you lived in another state when you made contributions to your IRA, you may need more information. If so, contact us.

16S Pension and annuities. Enter the amount of taxable pensions and annuities (including federal pensions), you received while an Oregon resident. Don't include any Railroad Retirement Benefits (RRB-1099-R).

If you're domiciled in Oregon, you must also include any Oregon-source pensions you received. This is true even though you may qualify to file as a nonresident under the tests for special case Oregon residents or Oregon residents living abroad.

For example, if you lived in Oregon before you retired **and have not changed your permanent home to another state**, you must report the pension you earned while you worked in Oregon. If you have a federal pension, you may qualify for a subtraction on Schedule OR-ASC-NP. If you need help, contact us.

17S Schedule E income. Determine the income received and losses incurred from rents, royalties, partnerships, S corporations, real estate investment trusts (REITs), estates, trusts, etc. reported on federal Schedule E from Oregon sources during the part of the year you were a nonresident. Add the amount received or incurred during the part of the year you were an Oregon resident.

18S Farm income or loss. Determine the amount of income received or loss incurred from an Oregon farm while you were a nonresident. Add the amount of farm income received or loss incurred during the part of the year you were an Oregon resident.

19S Unemployment insurance (UI) benefits and all other taxable income. Include on line 19S:

- UI benefits received from an Oregon job or while an Oregon resident,
- Oregon Lottery winnings (see additional information below),
- Other winnings received while an Oregon resident,
- Severance pay received from an Oregon job or while an Oregon resident, and
- Any other taxable income on line 19F from Oregon sources or received while an Oregon resident.

Don't include Social Security, Railroad Retirement Board benefits, or Railroad Retirement Board unemployment benefits, as Oregon doesn't tax this income.

Include all payments received from the Oregon Lottery in the Oregon column. Oregon Lottery means all games offered by the Oregon State Lottery Commission and purchased in Oregon. For more information, see Publication OR-17.

Adjustments

21S IRA or self-employed SEP and SIMPLE contributions. Oregon follows the federal definition of earned income and compensation used to calculate your IRA and other retirement plan deductions.

Determine the amount you paid during the part of the year you were an Oregon resident. Add the amount calculated for the time you were a nonresident.

- **IRA.** Use the following formula to determine your deduction for the part of the year you were a nonresident:

$$\frac{\text{Oregon earned income while a nonresident}}{\text{Total earned income while a nonresident}} \times \frac{\text{IRA contributions made while a nonresident}}{\text{Total earned income while a nonresident}} = \text{Nonresident deduction}$$

- **Self-employed SEP, SIMPLE, and qualified plans.** Use the following formula to determine your allowable deduction for the part of the year you were a nonresident:

$$\frac{\text{Oregon compensation while a nonresident}}{\text{Total compensation while a nonresident}} \times \frac{\text{Contributions made while a nonresident}}{\text{Total compensation while a nonresident}} = \text{Nonresident deduction}$$

This deduction can't be more than the amount of compensation included in the Oregon column.

- **22S Education deductions.** The following instructions will help you figure the amount you can claim on your Oregon return.

- **Educator expenses deduction** from federal Form 1040 or 1040-SR, Schedule 1, line 11. For the part of the year you were a nonresident, determine the amount of qualified educator expenses you paid while working in or providing educator services to students in Oregon elementary or secondary schools. Add the qualified educator expenses you paid during the part of the year you were an Oregon resident. Enter the smaller of the result or the amount deducted on your federal return.

- **Student loan interest deduction** from federal Form 1040 or 1040-SR, Schedule 1, line 21.

Use the following formula to calculate your deductions for the part of the year you were a nonresident:

$$\frac{\text{Oregon-source income while a nonresident}}{\text{Total income from all sources while a nonresident}} \times \frac{\text{Student loan interest paid while a nonresident}}{\text{Total income from all sources while a nonresident}} = \text{Nonresident deduction}$$

Add all interest paid during the part of the year you were an Oregon resident. Enter the result or the amount of federal student loan interest from your federal return, whichever is less.

Add the Oregon amounts for your educator expenses deduction and student loan interest deduction. Enter the total on line 22S.

23S Moving expenses. Enter moving expenses in the Oregon column only if **all** of the following are true for you (or your spouse, if filing jointly):

- You are on active duty in the United States Army, Navy, Air Force, Marines, or Coast Guard.
- Your expenses are deductible on your federal return because they are related to a permanent change of station (known as a PCS move).
- Your new duty station is in Oregon.
- You have taxable income from employment (military, civilian, or self-employment) performed in Oregon.

24S Deductions for self-employment tax. Use the following formula to determine the amount of your self-employment tax on earnings taxed by Oregon:

$$\frac{\text{Self-employment earnings taxed by Oregon}}{\text{Total taxable self-employment earnings}} \times \frac{\text{Federal deduction for self-employment tax}}{\text{Federal deduction for self-employment tax}} = \text{Oregon deduction}$$

The Oregon deduction can't be more than the federal deduction.

25S Self-employed health insurance deduction. Oregon allows a deduction of 100 percent of your health insurance premiums related to your self-employment for the part of the year you were an Oregon resident. Add the health insurance premiums paid by your Oregon business while a nonresident. Your total Oregon deduction can't be more than your federal deduction.

26S Alimony paid. Determine if the alimony you paid to your former spouse is deductible for federal purposes. If so, use the following formula to calculate your Oregon deduction for the part of the year you were a nonresident:

$$\frac{\text{Oregon-source income while a nonresident}}{\text{Total income while a nonresident}} \times \frac{\text{Alimony paid while a nonresident}}{\text{Alimony paid while a nonresident}} = \text{Nonresident deduction}$$

Add to that amount the alimony you paid while you were a resident.

27F/S Total adjustments from Schedule OR-ASC-NP. Other adjustments not explained here are claimed on Schedule OR-ASC-NP. From Schedule OR-ASC-NP, enter the total on line A7 in the federal column and the total on line A8 in the Oregon column. If you're reporting an adjustment, **you must include Schedule OR-ASC-NP with your return.**

For more information about adjustments, see Schedule OR-ASC and OR-ASC-NP Instructions or "Adjustments" in Publication OR-17.

Additions

30F/S Total additions from Schedule OR-ASC-NP. Additions are reported on Schedule OR-ASC-NP. From Schedule OR-ASC-NP, enter the total on line B7 in the federal column and the total on line B8 in the Oregon column. If you're reporting an addition, **you must include Schedule OR-ASC-NP with your return.**

For more information about additions, see Schedule OR-ASC and OR-ASC-NP Instructions or "Additions" in Publication OR-17.

Subtractions

32F Social Security and tier 1 Railroad Retirement Board benefits. Enter Social Security and tier 1 Railroad Retirement Board benefits you included on line 7F or 19F.

If you have tier 2, windfall/vested dual, or supplemental Railroad Retirement Board benefits, these are subtracted on Schedule OR-ASC-NP. For more information, see Schedule OR-ASC and OR-ASC-NP Instructions or "Subtractions" in Publication OR-17.

33F/S Total subtractions from Schedule OR-ASC-NP. Other subtractions not explained here are claimed on Schedule OR-ASC-NP. From Schedule OR-ASC-NP, enter the total on line C7 in the federal column and the total on line C8 in the Oregon column. If you claim a subtraction on Schedule OR-ASC-NP, **you must include the schedule with your return.**

For more information about subtractions, see Schedule OR-ASC and OR-ASC-NP Instructions or "Subtractions" in Publication OR-17.

35 Oregon percentage. In most cases, to find your Oregon percentage, divide the amount on line 34S by the amount on line 34F. If the amount on line 34S is **more than** the amount on line 34F or if the amount on line 34S is positive but the amount on line 34F is zero or negative, your Oregon percentage is 100 percent. If both amounts are negative, treat both as if they're positive, and then:

- If the Oregon number is smaller than the federal number, your Oregon percentage is 100 percent.
- If the federal number is smaller than the Oregon number, divide the federal number by the Oregon number.

Round the decimal to three places and enter the result as a percentage as shown in the examples. **Don't enter more than 100 percent or less than 0.**

Table 4. Oregon percentage examples

Line 34S	Line 34F	Oregon percentage line 35
\$8,000 ÷	\$30,000 =	0.266666 Round to 0.267 (<u> 2 </u> <u> 6 </u> <u> .7 </u> %)
\$20,000 ÷	\$15,000 =	1.333 Limited to 1.000 (<u> 1 </u> <u> 0 </u> <u> 0 </u> <u> .0 </u> %)
-\$1,000 ÷	\$15,000 =	0 (0%) (<u> </u> <u> 0 </u> <u> .0 </u> %)
\$1,000 ÷	-\$5,000 =	(100%) (<u> 1 </u> <u> 0 </u> <u> 0 </u> <u> .0 </u> %)
-\$2,000 ÷ 2,000	-\$8,000 = 8,000	Oregon number smaller than federal number (<u> 1 </u> <u> 0 </u> <u> 0 </u> <u> .0 </u> %)
-\$10,000 ÷ 10,000	-\$6,000 = 6,000	Federal number smaller than Oregon number 6,000 / 10,000 = 0.6 (<u> 6 </u> <u> 0 </u> <u> .0 </u> %)

Deductions and modifications

Deductions and other modifications further adjust your Oregon taxable income. Modifications not explained here are reported on Schedule OR-ASC-NP. For more information about deductions and modifications, see Schedule OR-ASC and OR-ASC-NP Instructions, or Publication OR-17.

In general, you can claim Oregon itemized deductions or the standard deduction, whichever is larger, **but not both**. See the exceptions for:

- Dependents who can be claimed on another taxpayer's return.
- Non-U.S. citizens without permanent resident status.
- Spouses filing separate returns.

37 Itemized deductions. If you're itemizing your deductions for Oregon enter the amount from Schedule OR-A, line 23. Note: **Don't** enter your federal itemized deductions; the amount allowed for Oregon may be different. You can download Schedule OR-A and the instructions from our website or you can contact us to order it.

If you're not itemizing, enter 0.

38 Standard deduction. Generally, your standard deduction is based on your filing status, as shown in Table 5.

Table 5. Standard deduction

Single	\$2,605
Married filing jointly	\$5,210
Married filing separately	
• If spouse claims standard deduction	\$2,605
• If spouse claims itemized deductions	0
Head of household	\$4,195
Qualifying surviving spouse	\$5,210

Standard deduction—Age 65 or older, or blind. If you or your spouse turned age 65 by January 1, 2024, or were blind at the end of the tax year, you're entitled to a larger standard deduction. If you or your spouse are permanently blind, you may also qualify for the severely disabled exemption credit; see the instructions for lines 6a and 6b.

Check the applicable boxes below line 38, then multiply the number of boxes checked by:

- \$1,200 if single or head of household filing status; or
- \$1,000 for all other filers.

Add this amount to the standard deduction for your filing status from Table 5. Enter the total on line 38.

Example: Joni and Mike are married. By January 1, 2024, Joni had turned 61 and Mike had turned 67. Joni files the return as the primary taxpayer. She checks the box for spouse 65 or older and adds \$1,000 to their standard deduction. Joni enters \$6,210 (\$5,210 + \$1,000) on line 38.

Standard deduction—Dependents who can be claimed on another taxpayer's return. If someone else can claim you as a dependent, your standard deduction is limited to the **larger** of:

- Your earned income plus \$400, up to the maximum allowed for your filing status (see Table 5); or
- \$1,250.

This limit applies even if the other person doesn't actually claim you as a dependent on their return.

If you're a dependent and not married, use the following worksheet to figure your standard deduction. If you're a dependent and married, see "Deductions and modifications" in Publication OR-17.

Standard deduction worksheet for single dependents

1. Enter your earned income (see definition below). 1. _____
2. Additional \$400. 2. \$400
3. Add lines 1 and 2. 3. _____
4. Minimum standard deduction. 4. \$1,250
5. Enter the larger of line 3 or line 4. 5. _____
6. Basic standard deduction for single. 6. \$2,605
7. Enter the smaller of line 5 or line 6. 7. _____
8. If you turned 65 by 1/1/2024, enter \$1,200. Otherwise, enter 0. 8. _____
9. If you're blind, enter \$1,200. Otherwise, enter 0. 9. _____
10. Add lines 7, 8, and 9. This is your standard deduction. 10. _____

Earned income includes salaries, wages, tips, professional fees, or other amounts received as pay for work you actually performed, and any part of a scholarship or fellowship grant you received that is included in your federal gross income.

Standard deduction—Non-U.S. citizens without permanent resident status. Your standard deduction is \$0, but you may claim itemized deductions.

Standard deduction—Married filing separately. The standard deduction for married individuals filing separately is \$0 if one spouse itemizes. This applies even if the standard deduction is more than your itemized deductions.

40 2023 federal tax liability subtraction. Complete the following worksheet to determine your **federal tax liability** subtraction for 2023. Carefully follow the instructions. Don't confuse your **federal tax liability** on your federal return with the **federal tax withheld** on a Form W-2. They aren't the same. **RDPs and those filing as "married filing separately for Oregon only,"** use amounts from your actual federal return(s), **not** your "as if" return.

The federal tax liability subtraction limit for 2023 is \$7,800 (\$3,900 if married filing separately). The subtraction is further limited by the AGI phase-outs shown in Table 6.

Note: Use the worksheet(s) in the "Federal income tax liability" section of Publication OR-17 if any of these situations apply:

- You're amending your 2023 federal return or we corrected the federal tax liability subtraction on your original 2023 Oregon return.
- A prior year's federal return was audited or amended, resulting in additional federal tax paid or refunded in 2023.
- You paid income tax to a foreign country.
- You filed your federal return on Form 1040-NR.
- You reported recapture taxes or credits on your federal return.

Caution: Don't include any of the following in your calculation:

- Self-employment tax.
- Social Security and Medicare tax on tips.
- Household employment taxes.
- Penalties or interest.

Tax rate charts. Calculate your tax using the applicable formula in the tax rate charts for your filing status.

- Use Chart S if your filing status is single or married filing separately.
- Use Chart J if your filing status is married filing jointly, head of household, or qualifying surviving spouse.

Example: Daniel and Madison are filing a joint return. Their Oregon taxable income is \$75,500. They use the formula in Chart J for taxable income over \$20,400 but not over \$250,000 to calculate their tax as follows:

Tax on the first \$20,400 (from the chart)	\$1,215
Oregon taxable income	\$75,500
Minus the first \$20,400	– 20,400
Excess over \$20,400	\$55,100
Multiply excess by 8.75%	x 0.0875
Tax on excess over \$20,400	+ \$4,821
Total Oregon tax	\$6,036

Other tax methods. If you qualify, you can compute your Oregon tax using any of the following methods:

Farm income averaging method. Did you have income from a farm? You may use the federal farm income averaging method to compute your Oregon tax even if you didn't use farm income averaging on your federal return. Only Oregon-source farm income is considered elected farm income. Use Schedule OR-FIA-40-N or OR-FIA-40-P to compute the Oregon tax using this method. You can download it from our website or contact us to order it.

If you use Schedule OR-FIA-40-N to calculate your tax, enter the tax amount from Schedule OR-FIA-40-N, line 21, on Form OR-40-N, line 46, and check box 46a.

If you use Schedule OR-FIA-40-P to calculate your tax, enter the tax amount from Schedule OR-FIA-40-P, line 20, on Form OR-40-P line 44, and check box 44a.

Don't include Schedule OR-FIA-40-N or Schedule OR-FIA-40-P with your Oregon return. Keep it with your records.

Farm asset capital gain method. Did you sell or exchange capital assets primarily used in farming because you were getting out of a farming business? Or, did you sell or exchange a farming business in which you held at least a 10 percent ownership interest?

 If your taxable income is over \$125,000.....your tax is \$10,652 plus 9.9% of excess over \$125,000

Chart J: For persons filing jointly, head of household, or qualifying surviving spouse—

 If your taxable income is over \$20,400 but not over \$250,000.....your tax is \$1,215 plus 8.75% of excess over \$20,400
 If your taxable income is over \$250,000.....your tax is \$21,305 plus 9.9% of excess over \$250,000

Interest on certain installment sales. Did you have installment sales that required you to pay interest on the deferred tax liability for federal purposes? If so, you must also compute interest for Oregon using the same method as for federal. The annual interest rate is 6 percent for 2023 and 8 percent for 2024.

Nonresidents. Use only those installment obligations from dispositions of Oregon property.

Total tax recaptures from Schedule OR-ASC-NP. All tax recaptures are claimed on Schedule OR-ASC-NP. Enter

Tax payments and refundable credits

Oregon income tax withheld. Enter the total Oregon tax withheld from your wages and other income. State tax withheld from wages is shown in box 17 of Form W-2 and in the State area of various 1099 forms. **Don't include** the FICA (Social Security) tax withheld or tax withheld from your wages by other states. **You must include a legible, unaltered copy** of your Form W-2 from each job and any Form 1099 showing Oregon income tax withheld with your Oregon return.

If you don't have a Form W-2 or 1099, you must provide other proof of Oregon tax withheld. Proof may include a copy of a final paycheck stub or a letter from your employer. If you file before February 1, 2024, we can accept only a Form W-2 or 1099 as proof.

If you have tax to pay, you may want to increase the amount your employer or other payer withholds from your wages or other income. For withholding information, go to www.oregon.gov/dor.

Amount applied from your prior year's tax refund. Enter the amount of any prior-year refund you applied as a payment of 2023 estimated tax. If we adjusted your applied refund, be sure to use the adjusted amount. If you need to verify your applied refund amount, log into or create your Revenue Online account at www.oregon.gov/dor or contact us.

Estimated tax payments for 2023. Enter the total estimated tax payments you made before filing your 2023 Oregon return. For calendar-year filers, these payments were due April 18, 2023; June 15, 2023; September 15, 2023; and January 16, 2024. If you're filing on extension, **include** any extension payment made on or before the due date (without extension), but **don't include** any payments made after April 15, 2024. Include any payments from real estate transactions. **Don't include** the amount reported on Form OR-40-N, line 58; or Form OR-40-P, line 57. If you need to verify your estimated payments, log into or create your Revenue Online account at www.oregon.gov/dor or contact us.

Tax payments from a pass-through entity (PTE). If you're an owner of a PTE with Oregon-source income and you didn't join in the filing of a composite return to report that income, enter the amount of tax payments made by the PTE on your behalf.

Note: Don't claim the tax paid on your behalf on the composite return, Form OR-OC, as a tax payment on your individual return. That payment was already used to pay the tax on the income reported on Form OR-OC.

Note: Do not include the PTE elective tax (PTE-E tax) credit on this line. Refer to Publication OR-17 for more information about the PTE-E tax credit.

Refundable credits. Refundable credits reduce the amount of tax that you owe. Any amount that is more than your tax liability is treated the same way as an overpayment. Refundable credits not explained here are claimed on Schedule OR-ASC-NP.

For more information about refundable credits, see the Schedule OR-ASC and OR-ASC-NP Instructions or "Credits" in Publication OR-17.

Earned income credit. Oregon's earned income credit is a percentage of the earned income tax credit (EITC) claimed on your federal return. The percentage is based on the age of your **youngest** dependent at the end of the tax year. **Note to RDPs:** You may claim this credit if you would otherwise qualify for the EITC using your "as if" federal return.

Note: If you can't claim the federal EITC or can only claim a portion of the federal EITC because you, your spouse, or your child(ren) do not have an SSN that is valid for work or are using an ITIN, you may qualify for the earned income credit for ITIN filers. See Schedule OR-EIC-ITIN Instructions or Publication OR-17 for additional information.

Use Table 7 and the following worksheet to figure your credit.

Table 7. EIC percentage

At least 3 years old, or no dependents	9 percent (0.09)
Younger than 3	12 percent (0.12)

Oregon Kids Credit. The Oregon Kids Credit is available for low-income taxpayers with dependents age 5 or younger on their Oregon tax return.

Eligibility. To be eligible for the Oregon Kids Credit, you must:

1. Have a filing status of single, married filing jointly, head of household, or qualifying surviving spouse. Those filing as married filing separately do not qualify for this credit.
2. Have dependents age 5 or under at the end of 2023 listed on your Oregon return.*
3. Have a qualifying income of under \$30,000, including Oregon additions and subtractions. See worksheet instructions below for more information. Use the Oregon Kids Credit worksheet to figure your credit.

Credit amount. The Oregon Kids Credit is up to \$1,000 per qualifying dependent.

* **Note for divorced, separated, or unmarried parents:** Special rules apply when the exemption for a child is released by the parent with whom the child lives for most of the year to the other (noncustodial) parent:

- If a child is listed as a dependent on your Oregon return only because the custodial parent released the child's exemption to you, the child doesn't qualify for this credit.
- A child whose exemption was released to the non-custodial parent, but who otherwise qualifies as your dependent, qualifies for this credit even if the child isn't listed as your dependent on your Oregon return due to the released exemption.

Instructions for Oregon Kids Credit worksheet

Line 1. Nonresidents. If you show an amount other than 0 on line 40, 41, or 43 of Form OR-40-N, subtract those amounts from Form OR-40-N, line 34F. Enter the total on line 1 of the worksheet.

Part-year residents. If you show an amount other than 0 on line 40 or 41 of Form OR-40-P, subtract those amounts from Form OR-40-P, line 34F. Enter the total on line 1 of the worksheet.

Line 3. This is your qualifying income. If this line is \$30,000 or more, you can't claim the Oregon Kids Credit.

Line 14. Your qualifying income includes losses deducted from your federal AGI on your Form 1040, if those losses total more than \$20,000. Enter losses claimed on your Form 1040 and Schedule OR-ASC-NP (using subtraction codes 321, 355, 356, or 357), as listed on lines 14a through 14g, and the total of those losses on line 14h. If the amount shown on the referenced Form 1040 line is not a loss, do not enter it on the worksheet. Enter all losses as positive numbers.

Example 1. Colten reported additional income from rental real estate on his Form 1040, Schedule 1, line 5 of \$8,000. He also reported his farm loss on his Form 1040, Schedule 1, line 6 of \$6,000. Colten enters 0 on line 14d for rental real estate, as he did not have a loss reported on his Form 1040 on Schedule 1, line 5. He enters 6,000 on line 14e, as he did report a farm loss on his Form 1040, Schedule 1, line 6. Colten enters his total losses of \$14,000 on line 14h. He enters 0 on line 14, since his total losses minus 20,000 are less than 0.

Example 2. Michaela reported a business loss on her Form 1040, Schedule 1, line 4 of (\$15,500). She would enter \$15,500 on line 14b of the worksheet. She had a rental real estate loss reported on her Form 1040,

Schedule 1, line 5 of (\$8,000). She enters \$8,000 on line 14d of the worksheet. She has no other losses reported. Michaela enters her total losses of \$23,500 on line 14h. She enters \$3,500 on line 14 (23,500 - 20,000).

Line 14b. If you claimed a subtraction using code 359 or 385, compare your subtraction amount to the income reported on Form 1040, Schedule 1, line 3. If the subtraction is less than your income, you don't have a loss; skip line 14b. Otherwise, subtract the income amount from the subtraction amount and enter the result on line 14b.

Kicker (Oregon surplus) credit. The Oregon surplus credit, known as the "kicker," is a way for state government to return some of your taxes to you when revenues are more than predicted. The Oregon Department of Administrative Services determines whether there is a surplus and the amount to be returned to taxpayers as a kicker. If there's a surplus, the kicker may be claimed on the return as a refundable tax credit. If there's no surplus, there's no kicker.

Eligibility. To be eligible for a kicker, you must:

1. File your 2022 Oregon return before you file your 2023 return.
2. Have an Oregon tax liability for 2022.
3. File a 2023 Oregon return, even if you don't otherwise have a filing requirement.

Kicker amount. In general, your kicker is a percentage of your total Oregon personal income tax liability for the prior year, as adjusted or amended. Your total personal income tax liability is your Oregon income tax before all payments or credits other than the credit for taxes paid to another state. For 2023, your kicker is 44.28 percent of your 2022 total Oregon personal income tax liability.

Amended 2022 returns. If your 2022 return is amended or adjusted after you file your 2023 return, we will automatically adjust your kicker amount. If the changes to your 2022 return reduce your tax liability, your kicker amount may be reduced as well. If so, we may send you a bill for the amount of the reduction along with any interest or penalty.

Kicker donation. Personal income taxpayers may elect to donate their kicker to the Oregon State School Fund for public K-12 education. **This election is irrevocable after the due date of the original return.** When you file your return, you must choose to do one of the following:

- Claim all of your kicker credit; **or**
- Donate all of your kicker to the State School Fund.

If you want to donate only a part of your kicker, you first have to claim all of your kicker credit on your return. Then, once you receive it, use it to make your donation. The Oregon State School Fund's address is:

Oregon Department of Education
Attn: OFA Cashier
255 Capitol St NE
Salem OR 97301

How to calculate your kicker amount

Online assistance. Revenue Online can calculate your kicker amount if:

- Your filing status was the same for 2022 and 2023, and
- You filed with the same spouse (if married) for both years.

Look for "What's my Kicker" on Revenue Online at www.oregon.gov/dor.

Kicker worksheet. This worksheet can help you calculate your kicker amount. It's divided into three parts:

Part A— Calculate your 2022 total personal income tax liability and kicker amount.

Part B— Prorate your total personal income tax liability, if necessary.

Part C— Add individual kicker amounts together for joint 2023 returns, if necessary.

If you're completing Part B or Part C, you may need to use Part A or Part B more than once.

Same filing and marital status. For most taxpayers, all you need to do is multiply your 2022 total Oregon personal income tax liability times 0.4428. You can also use Part A of the worksheet.

Change in filing or marital status. Some taxpayers who filed a joint return for 2022 must prorate their kicker based on their share of 2022 federal AGI. Some taxpayers whose filing or marital status was different in 2022 may need to combine their kickers on a joint 2023 return. Use Table 8 to see if you need to prorate your kicker using Part B and/or combine your kickers using Part C.

Table 8: Prorated and/or combined kickers.

Complete Parts A and B if:		
Your filing status in 2022 was: 2023 is:		And:
Joint	Non-joint	You were divorced in 2022 or you're married but filing separate returns.
Joint	Non-joint	Your spouse died in 2022 and their personal representative or estate is filing a separate 2023 return on their behalf.

Optional: Complete Part A if:		
Your filing status in 2022 was: 2023 is:		And:
Joint	Joint	You had the same spouse in both 2022 and 2023.
Non-joint	Non-joint	
Joint	Joint or non-joint	Your spouse died in 2022 and no separate 2023 return is being filed on their behalf, or your spouse died in 2023.

Deceased taxpayer. The surviving spouse of a deceased taxpayer may claim the full amount of the kicker if a joint return was filed for 2022. A deceased taxpayer's personal representative may file a 2023 return on the taxpayer's behalf to claim their kicker.

How do I find my 2022 total Oregon personal income tax liability? Use Table 9 and your 2022 Oregon return to locate your tax before credits and any credit(s) you claimed for income taxes you paid to another state (using code 802 or 815) on Schedules OR-ASC or OR-ASC-NP.

Table 9: Where to find tax liability.

If you filed:	Tax before credits:	Credits using code 802 or 815 from:
Form OR-40	Line 22	Schedule OR-ASC, Section C
Form OR-40-N	Line 48	Schedule OR-ASC-NP, Section E
Form OR-40-P	Line 47

*Consider each spouse's individual income (such as wages, pensions or self-employment) and adjustments.

Use a reasonable method to divide joint income (such as capital gains from the sale of jointly-owned property or interest on joint bank accounts) and adjustments. If the 2022 federal AGI on a joint return was zero or less, but the Oregon tax liability was more than zero, contact us for help.

Example 1: Hudson and Olivia each filed their 2022 Oregon return using the single filing status. Hudson's tax liability was \$8,000 and he claimed a \$500 credit for income taxes paid to another state on Schedule OR-ASC. Olivia's tax liability was \$3,000, and she paid state income tax only to Oregon. Hudson and Olivia were married in 2023 and are filing a joint Oregon return. They each complete Part A of the worksheet as follows:

Hudson's worksheet:

Part A:

- | | |
|---------------------------------|--------------|
| 1. Tax before credits | \$ 8,000 |
| 2. Credit for tax paid | <u>– 500</u> |
| 3. Total personal tax liability | \$ 7,500 |
| 4. Line 3 times 0.4428 | \$ 3,321 |

Olivia's worksheet:

Part A:

- | | |
|---------------------------------|------------|
| 1. Tax before credits | \$ 3,000 |
| 2. Credit for tax paid | <u>– 0</u> |
| 3. Total personal tax liability | \$ 3,000 |
| 4. Line 3 times 0.4428 | \$ 1,328 |

They skip Part B because neither one filed a joint return for 2022. They complete Part C to find their combined kicker:

- | | |
|--|-----------------|
| 9. Hudson's kicker from line 4 of his worksheet | \$ 3,321 |
| 10. Olivia's kicker from line 4 of her worksheet | <u>\$ 1,328</u> |
| 11. Line 9 plus line 10 | \$ 4,649 |

Hudson and Olivia's combined kicker is \$4,649.

Example 2: Ella and Emerson filed a joint 2022 Oregon return. They were divorced in 2023 and are filing separate returns. On their 2022 return, their tax before credits was \$6,500, and they had a \$300 credit for income tax they paid to another state. Their 2022 federal AGI was \$90,000; Ella's share was \$40,000 and Emerson's share was \$50,000. Each completes Parts A and B of the worksheet to find their prorated kicker.

Ella's worksheet:

Part A:

- | | |
|---------------------------------|--------------|
| 1. Tax before credits | \$ 6,500 |
| 2. Credit for tax paid | <u>– 300</u> |
| 3. Total personal tax liability | \$ 6,200 |
| 4. Line 3 times 0.4428 | \$ 2,745 |

Part B:		
5. Federal AGI		\$ 90,000
6. Ella's share of AGI		\$ 40,000
7. Line 6 divided by line 5		0.44
8. Line 4 times line 7		\$ 1,208

Emerson's worksheet:

Part A:		
1. Tax before credits		\$ 6,500
2. Credit for tax paid		<u>- 300</u>
3. Total personal tax liability		\$ 6,200
4. Line 3 times 0.4428		\$ 2,745

Part B:		
5. Federal AGI		\$ 90,000
6. Emerson's share of AGI		\$ 50,000
7. Line 6 divided by line 5		0.56
8. Line 4 times line 7		\$ 1,537

Ella's prorated kicker is \$1,208 and Emerson's prorated kicker is \$1,537.

Example 3: Orlando and Cortney filed a joint Oregon return in 2022. Their Oregon tax before credits was \$7,500, and they didn't claim a credit for income taxes paid to any other state. Their federal AGI was \$80,000; Cortney's share was \$48,000 and Orlando's share was \$32,000. They were divorced in early 2023, and Cortney married Justin later that year. Justin had filed a non-joint Oregon return for 2022. His Oregon tax before credits was \$2,000 and he claimed a \$200 credit for taxes paid to another state. Orlando didn't remarry in 2023. Orlando, Cortney, and Justin figure their kickers as follows:

Orlando's worksheet:

Part A:		
1. Tax before credits		\$ 7,500
2. Credit for tax paid		<u>- 0</u>
3. Total personal tax liability		\$ 7,500
4. Line 3 times 0.4428		\$ 3,321

Part B:		
5. Federal AGI		\$ 80,000
6. Orlando's share of AGI		\$ 32,000
7. Line 6 divided by line 5		0.40
8. Line 4 times line 7		\$ 1,328

Cortney's worksheet:

Part A:		
1. Tax before credits		\$ 7,500
2. Credit for tax paid		<u>- 0</u>
3. Total personal tax liability		\$ 7,500
4. Line 3 times 0.4428		\$ 3,321

Part B:		
5. Federal AGI		\$ 80,000
6. Cortney's share of AGI		\$ 48,000
7. Line 6 divided by line 5		0.60
8. Line 4 times line 7		\$ 1,993

Justin's worksheet:

Part A:		
1. Tax before credits		\$ 2,000
2. Credit for tax paid		<u>- 200</u>
3. Total personal tax liability		\$ 1,800
4. Line 3 times 0.4428		\$ 797

Justin skips Part B because he filed a non-joint return for 2022. He and Cortney complete Part C:

9. Cortney's kicker from line 8 of her worksheet	\$ 1,993
10. Justin's kicker from line 4 of his worksheet	<u>\$ 797</u>
11. Line 9 plus line 10	\$ 2,790

Cortney and Justin's combined kicker is \$2,790. Orlando's kicker is \$1,328.

Claim your kicker credit. If you're claiming your kicker credit, enter the amount from line 4, line 8, or line 11 of the worksheet, as applicable, on Form OR-40-N, line 63, or Form OR-40-P, line 62.

Donate your kicker. If you elect to donate your kicker to the Oregon State School Fund, **enter 0 on Form OR-40-N, line 63 or Form OR-40-P, line 62** and see the instructions for Form OR-40-N, line 79 or Form OR-40-P, line 78. **Reminder: This election is irrevocable after the due date of the original return.**

Note about offsets: If you claim the kicker credit and it reduces your 2023 tax liability to zero, any excess will be treated like a refund of overpaid tax. This means that it may be offset (applied as a payment) against any tax or other liabilities you owe before the balance is refunded to you or applied (see Refund applications, below). If you donate your kicker, it may be used first to offset tax or other liabilities you owe, with any remaining amount donated to the Oregon State School Fund. If this happens, we'll send you a notice to let you know.

Total refundable credits from Schedule OR-ASC-NP. Enter your total refundable credits from Schedule OR-ASC-NP, line H7. **Include Schedule OR-ASC-NP with your return.**

Penalties and interest

Your 2023 tax must be paid by **April 15, 2024**, even if you requested an extension of time to file your return. Your 2023 return must be filed by April 15, 2024. If you requested an extension, your return must be filed by October 15, 2024.

Round the total of penalties and interest to the nearest whole dollar. For more information and examples showing how penalties and interest are calculated, see “Interest and penalties” in Publication OR-17.

Penalties

Penalty amounts are based on the tax after all credits shown on your return. To find your tax after all credits, start with your tax after standard and carryforward credits (Form OR-40-N, line 56; Form OR-40-P, line 55), then subtract the refundable credit amounts (Form OR-40-N, lines 61 through 64; Form OR-40-P, lines 60 through 63).

- **Failure-to-file penalty.** Include a penalty for failure to file a return if:
 - Your return is filed more than three months after the due date (or extension due date); **and**
 - You didn’t pay all of your tax by April 15, 2024.

The penalty for failure to file is 20 percent of your tax after all credits that wasn’t paid by April 15, 2024.

- **Failure-to-pay penalty.** Include a penalty for failure to pay if:
 - Less than 90 percent of your tax after all credits was paid by April 15, 2024, **or**
 - You paid at least 90 percent of your tax after credits by April 15, 2024, **but** you aren’t paying the balance of unpaid tax in full when you file.

The penalty for failure to pay is 5 percent of your tax after all credits that wasn’t paid by April 15, 2024.

Failure to file and pay. If both penalties apply, your total penalty will be 25 percent of your tax after all credits that wasn’t paid by April 15, 2024.

First-time home buyer savings account (FTHBSA) penalty for nonqualified withdrawal. Include a penalty of 5 percent of the funds withdrawn from your FTHBSA if you withdrew funds from your account for a purpose other than purchasing a home.

No penalty will be imposed if:

- The account holder:
 - Dies.
 - Files bankruptcy.

— Becomes permanently unable to regularly perform work at a gainful and suitable occupation due to loss of any bodily function.

- The funds are withdrawn more than 10 years after the account was opened.

This penalty is in addition to all other penalties provided by law. Withdrawn funds that are subject to this penalty also must be added back to Oregon income. See this topic in “Additions” in Publication OR-17.

Interest on unpaid tax

You’ll owe interest on the amount of tax that wasn’t paid by April 15, 2024. Interest starts accruing on April 16, 2024 and continues to accrue every day, including the date of your payment.

Interest is figured daily, based on a 365-day year. The annual interest rate for 2024 is 8 percent, or 0.0219 percent per day.

To figure your interest, count the number of days starting with April 16, 2024, and ending with the date of your payment. Multiply your unpaid tax by the number of days, then multiply that amount by 0.000219 (the daily rate converted to a decimal).

Interest rate increase. If we bill you for unpaid tax, and the tax isn’t paid in full within 60 days from the date of our billing notice, the annual interest rate increases by 4 percentage points, to 12 percent.

Amended return. If you’re amending your return, calculate the interest based on the additional amount of tax you must pay (line 5 of the **Amended worksheet**).

Interest on underpayment of estimated tax. Underpayment interest is charged if:

- Your tax after all credits and withholding is \$1,000 or more;
- You were required to make estimated tax payments;
- One or more of your required installments was underpaid; **and**
- You don’t qualify for an exception.

Note: You could be charged interest on underpayment of estimated tax even if Form OR-40-N, line 66 or Form OR-40-P, line 65 shows a refund.

See Form OR-10 to determine if you owe underpayment interest or qualify for an exception. Download the form from our website or contact us to order it.

If you owe underpayment interest, enter the amount from line 4 of Form OR-10. If you qualify for an exception, enter the exception number from line 1 of the form inside box 69a on Form OR-40-N or box 68a on Form OR-40-P. If you used the Annualized Income Worksheet (located in Form OR-10 Instructions) to figure

your interest, check box 69b on Form OR-40-N or box 68b on Form OR-40-P. **Include Form OR-10 with your return.** Keep your underpayment interest worksheets and any required statements with your records.

Amount due

Amount you owe. Enter your total unpaid tax plus penalties and interest. **Note:** If you have an overpayment on Form OR-40-N, line 66 or Form OR-40-P, line 65 and the overpayment is less than the total penalties and interest you entered on Form OR-40-N, line 70 or Form OR-40-P, line 69:

- On Form OR-40-N, enter the amount from line 70 minus the amount on line 66.
- On Form OR-40-P, enter the amount from line 69 minus the amount on line 65.

Amount to pay. If you're filing your return on or before the due date (without extensions), pay the amount shown on this line. If you're filing your original return after the due date, subtract any payments you made after the due date of the return (without extensions) from the amount on this line before you make your payment. For amended returns, pay the amount shown on the **Amended Worksheet**, line 11.

Payment options

You may pay electronically with your checking or savings account, credit card, check, cashier's check, or money order. Cash payments can be made only at our main office in Salem. If the amount due is less than \$2, no payment is required.

Direct debit may be available with e-filed returns at the time of filing.

Credit card payments

You can pay with your Discover, MasterCard, or Visa credit card. The service provider **will charge** you a convenience fee. The service provider will tell you

what the fee is during the transaction; you will have the option to continue or cancel the transaction before entering your credit card information. If you complete the credit card transaction, you will receive a confirmation number. **Keep this confirmation number as proof of payment—don't send it with your return.**

To pay by credit card, go to Revenue Online at www.oregon.gov/dor.

Check or money order

- Make your check or money order payable to "**Oregon Department of Revenue.**"
- Write **all** of the following on your payment:
 - The tax year (2023).
 - The form you're filing (Oregon Form OR-40-N or OR-40-P).
 - The last four digits of your SSN or ITIN.
- Use blue or black ballpoint ink. Don't use red or purple ink or gel pens.
- Don't send cash or a postdated check.

Form OR-40-V. Use the voucher **only** if you're making a separate payment by check, cashier's check, or money order. **Don't** use the voucher if you're including a payment with your return or making an electronic payment. See Form OR-40-V Instructions for additional information.

Payment plan. If you can't pay in full now, pay what you can. Contact us and we will help you set up a payment plan for the amount you're unable to pay with your return.

Refund

Refund. Enter your overpayment minus any penalty or interest (Form OR-40-N, line 66 minus line 70; Form OR-40-P, line 65 minus line 69). **Note:** If the total penalty and interest is more than your overpayment, see the instructions for Form OR-40-N, line 71 or Form OR-40-P, line 70.

You have three years from the due date of the return to file a claim for your refund. By law, we can't issue a refund if you file your return more than three years after the return's due date (excluding extensions) or if the refund is less than \$1. For more information about the time limit for claiming a refund, see "Payments and refunds" in Publication OR-17.

Interest on refunds. See "Interest and penalties" in Publication OR-17 for information about interest paid on refunds.

Refund applications

If Form OR-40-N, line 72 or Form OR-40-P, line 71 shows a refund, you may use some or all of it to:

- Make an estimated tax payment for a later year.
- Donate to one or more of the charitable organizations listed on Schedule OR-DONATE.
- Make a deposit to an Oregon college or MFS 529 savings account.

Each of these applications will reduce your refund. The combined total of all applications can't be more than the amount of your refund.

Note: A refund of overpaid tax will be offset against outstanding debt before any amount is applied or refunded to you.

Instructions for amended returns. If line 5 of the **Amended worksheet** shows a refund, you can use some or all of it for the refund applications listed above. However, you **can't reduce** any amounts you've already applied from a refund on your original return. See the instructions for each application for details.

Open estimated tax account. Enter the amount of your refund you want to apply as a tax payment for a later year. This amount will be applied to your **open** estimated tax account (to a year where you **will be** filing a tax return). Generally, the payment will be applied to the 2024 tax year, unless you're filing a delinquent or amended return. For more information, see "Payments and refunds" in Publication OR-17.

Instructions for amended returns. Enter the amount, if any, from a refund on your original return that you've already applied as an estimated tax payment for a later year. If line 5 of the **Amended worksheet** shows a refund and you want to apply some or all of it as an estimated tax payment, include the amount you want to apply.

Charitable checkoff. Enter the amount from line 30 of Schedule OR-DONATE. For more information, see the schedule instructions. You can download Schedule OR-DONATE from our website or you can contact us to order it.

Note: If your refund—after being applied to an open estimated tax account—is less than your total donation amount, your donations will be prorated.

To make direct donations instead, you can find each charity's address listed on our website. Don't mail your donations to us.

Instructions for amended returns. Enter the amount, if any, from a refund on your original return that you applied as charitable donations using Schedule OR-DONATE. If line 5 of the **Amended worksheet** shows a refund, you can donate some or all of it to one or more of the listed charities. Include this amount and an amended Schedule OR-DONATE with your amended return. **Note:** The refund from your amended return will be applied as a donation for the calendar year in which you're filing it.

Oregon college or MFS 529 savings plan. Enter the amount from line 5 of Schedule OR-529. For minimum deposit amounts and other information, see the schedule instructions. You can download Schedule OR-529 from our website or contact us to order it.

Note: If the amount of your refund—after any application to an open estimated tax account or charitable checkoff donation—is less than the total amount you want to deposit, no deposit will be made.

Instructions for amended returns. Enter the amount, if any, from a refund on your original return that you applied as an Oregon college or MFS 529 savings plan deposit. If line 5 of the **Amended worksheet** shows a refund, add the amount you want to apply as a deposit and include an amended Schedule OR-529 with your amended return. The refund will be applied for the year in which you're filing the amended return.

Net refund. You must **reduce your refund** by any amounts applied to your open estimated tax account, charitable checkoff donations, and Oregon college or MFS 529 savings plan accounts. **By law, we can't issue or apply a refund if you file your return more than three years after the return's due date (excluding extensions).**

Direct deposit

In most cases, we can deposit your refund directly into your checking or savings account instead of mailing you a check. However, federal banking regulations prevent us from making a refund by direct deposit if the final destination is an account outside the United States. In that case, we must issue a paper check instead.

Before you enter your information, verify that your deposit will be accepted and confirm your correct routing and account numbers. You can find a diagram of a personal check showing where these numbers are located in the "Payments and refunds" section of Publication OR-17.

Follow these steps to make sure your refund will be deposited into the correct account:

1. **Check the box** if the final destination for your refund would be an account outside the United States.
Note: If you check this box, you will be issued a paper check.
2. **Check the appropriate box, either checking or savings, but not both.**
3. **Enter your nine-digit routing number.** Routing numbers begin with the digits 01 through 12, 21 through 32, or 61 through 72.
4. **Enter your account number.** Account numbers can be up to 17 characters (both numbers and letters). Don't include hyphens, spaces, or special symbols.
5. **Double-check** the account and routing numbers. **These numbers can't be changed after the return is filed.**

You may choose to donate all of your kicker to the Oregon State School Fund. The election to donate your kicker cannot be changed after the due date of the original return. No partial donations are allowed. If any amount other than 0 is entered on Form OR-40-N, line 63 or Form OR-40-P, line 62, your donation won't be made.

To make the donation:

1. See the instructions for Form OR-40-N, line 63 or Form OR-40-P, line 62 to calculate your kicker amount.
2. Make sure that you've entered 0 on Form OR-40-N, line 63 or Form OR-40-P, line 62.
3. Check box 79a on Form OR-40-N or box 78a on Form OR-40-P.
4. Enter your entire kicker amount on Form OR-40-N, line 79b or Form OR-40-P, line 78b.

Reminder: This election is irrevocable. The election to donate your kicker can not be changed or revoked after the due date of the original return. To make a change or correction to your election, your amended return must be received by the due date of the original return.

See the instructions for calculating your kicker for more information.

Signature block

Signature(s). Be sure to sign and date your return. If you're filing a joint return, both taxpayers must sign. By signing the return, you acknowledge, under penalty of false swearing, that the information on the return and any attachments is true, correct, and complete.

Minor child's return. If your child can't sign their tax return, you may sign the child's name as their legal agent. Sign the child's name, then write "By [your signature], parent (or other legal guardian) of minor child."

Preparer signature. Anyone who prepares, advises, or assists in preparing personal income tax returns in exchange for compensation of any kind **must** be licensed to prepare Oregon returns and **must** sign the return.

Signing the return doesn't grant your preparer the right to represent you or make decisions on your behalf. For more information about representation and authorization, download Form OR-AUTH from our website or contact us to order it.

Contact the following agencies to check the status of your Oregon tax practitioner:

- State Board of Tax Practitioners at 503-378-4034 (Salem) for licensed tax consultants or preparers, or go to www.oregon.gov/obtp.
- State Board of Accountancy at 503-378-4181 (Salem) for public accountants and certified public accountants, or go to www.oregon.gov/boa.

Preparer license number. Licensed tax consultants and tax preparers: enter your license number. CPAs: enter your certificate number. Tax-Aide volunteers: enter your TCE site number. All others: leave blank. **Don't** enter your driver license number.

Before you file

Copy of federal return. Before you assemble your Oregon return, make a copy of both sides of your federal Form 1040, 1040-SR, or 1040-NR along with Schedules 1 through 3 (as applicable), or Form 1040-X.

Don't include any other federal schedules. Keep these with your records; we may ask for them later.

If you created an "as if" federal return, use blue or black ink to label it "as if" on the top left corner. Include it along with the copy of your actual federal return (and any amendments).

Failure to include your federal return will delay processing, and items claimed on your Oregon return may be adjusted or denied.

Amended Oregon return. If you're amending your Oregon return due to changes to your federal return or a return you filed with another state, include a copy of your amended or corrected federal or other state return or audit report. If you're amending only your Oregon return, include a copy of your original federal or other state return.

Assemble your Oregon return. Assemble your return in the order shown below. If a form has more than one page, be sure that you've included all pages and that they're all from the same 2023 form. For example, if you're filing Schedule OR-WFHDC, Schedule OR-A, or Schedule OR-ASC-NP, be sure that "2023 Schedule OR-WFHDC", "2023 Schedule OR-A" or "2023 Schedule OR-ASC-NP" is printed at the top of each page and that you've included all pages associated with each schedule.

Important: Don't use staples, paperclips, tape, or other fasteners. Doing so will delay processing.

1. Payment by check or money order, if any. **Don't use a voucher.**
2. Form(s) W-2 and 1099 showing Oregon tax withheld.
3. Form OR-40-N or Form OR-40-P.
4. Schedule OR-A.
5. Schedule OR-ASC-NP.
6. Schedule OR-ADD-DEP.
7. Schedule OR-DONATE.
8. Schedule OR-529.
9. Schedule OR-PTE-NR or OR-PTE-PY.
10. Form OR-10.
11. Schedule OR-EIC-ITIN.
12. Schedule OR-WFHDC.
13. Other Oregon schedules required to be included with your return.
14. If you're an RDP filing separately for Oregon, your partner's Oregon return.
15. Your federal return(s) and schedules.

Note: If you're making an estimated tax payment for 2024 by check or money order, send the payment in a **separate envelope** with a completed Form OR-40-V. **Don't** include your 2024 payment or voucher with your 2023 return.

Avoid processing delays

Type or clearly print your name, SSN, date of birth, complete mailing address, and daytime phone number on your return.

Include all pages of your Oregon return.

Double-check your figures and other numbers, including your SSN. Errors will delay processing. Common mistakes are:

- Math errors.
- A wrong amount claimed for the federal tax liability subtraction.
- Using the wrong line or column on the tax tables.
- Using the wrong tax chart.

If you have tax to pay, review the instructions for Form OR-40-N, line 71 or Form OR-40-P, line 70.

Verify your account information if you're requesting a refund by direct deposit.

Sign your return. Both spouses must sign a joint return.

Include legible copies of all W-2 and 1099 forms showing Oregon income tax withheld. Place them on top of your return along with any payment by check, cashier's check, or money order.

Include a copy of your federal return (front and back) with your Oregon return. **Include** federal Schedules 1 through 3 (if applicable), but **don't include** other federal schedules unless otherwise instructed. Place it behind all Oregon forms and schedules.

Payment by check, cashier's check, or money order should be placed on top of your return. **Don't** mail cash. **Don't use a voucher.**

Don't use staples, paper clips, tape, or other fasteners.

Mail your return in a stamped envelope. Use a business-size (4 × 9½ inches) or larger envelope with adequate postage. **Don't** use a smaller envelope—it delays processing.
